Inferno, watched stargazer, maybe when them time was right, she could teach the dragonet about royalty and everything Queen Glory had wanted the tribe to be...Some dragonets struggled, thank the moons, my mother left me most of her enchanted objects or teaching would be a lot harder...She smiled and thought of her eggs she had lost, when she was nine. She had been married at seven and had promised her lover that nothing would happen to her or them... She sat on a hamock... And tried to remember it as if it had happened yesterday. Soon Inferno, was asleep...She tossed and turned... when she saw her grandmother...remeber I will love you to the moon and back, my pescious granddaughter. Then the dreamed switched...Remember who I am he said, she ran toawrds the Icewing. My love...No at last I have gone on, but remember what were were gonna name them...ask every drogonet and such...

The dream faded my babies, I have to find her first remebering one resempled that of q nightwing and ir rainwing rainwing
